

ACCESS CANADA NEWS RELEASE

ACCESS CANADA – CANADIAN LAUNCH OF ARMNET FINANCIAL PRODUCT MANAGEMENT SOLUTION

September 25, 2007, Toronto, Ontario: Access Americas, (www.axcessamericas.com) together with their Canadian partner Access Canada (www.axcesscanada.com) are pleased to announce their official launch here to support the

Canadian customer base nationally. Richard Rodriguez, President of Access Americas noted, "We are delighted to join forces with the Canadian team at Access Canada to provide solid customer support across North America and bring the latest loan origination and servicing solutions to our respective markets".

Developed and refined over the last 10+ years in Australia by Access Consulting Pty Ltd., (www.axcess.com.au), ARMnet Integrated Banking & Financial Product Management Software currently represents over 45% of the credit origination and servicing providers in Australia and New Zealand offering commercial, residential mortgages and loans, leasing and deposit management solutions to firms like:

- **AMAL Asset Management** (www.amal.com.au)
- **Accor Vacation & Timeshare Club** (<http://www.accorvacationclub.com.au>)
- **Bluestone Group** (<http://www.bluestone.com.au>)
- **Challenger International Pty Ltd** (<http://www.challenger.com.au>)
- **Dunn and Bradstreet Australasia** (<http://dnb.com.au>)
- **ING Mortgage Funds** (<http://www.ing.com.au/personal.aspx>)
- **Pepper Home Loans** (<http://www.pepperhomeloans.com.au>)
- **Perpetual Trustees** (<http://www.perpetual.com.au>)

Developed in a truly customer centric environment ARMnet Integrated Banking Software provides a solid structure for responding to customer needs in a timely manner. All electronic email, documents, loan servicing and origination are centralized under the contact data eliminating duplication of redundant contact information.
