

## AXCESS CANADA NEWS RELEASE

March 19, 2011, Toronto, ON: Money IQ Canada ([www.moneyiq.ca](http://www.moneyiq.ca)) a Canadian based Business Process Outsourcing firm using the ARMnet Financial Product Management solution together with Axxess Canada are pleased to announce a strategic partnership with Iron Capital Financial Services (<http://www.ironcapitalfinserv.com>) a global lease and financing firm. Iron Capital has certified the ARMnet Financial Product Management Solution and our professional services consulting team for preferred lease arrangements for our clients. They have also reviewed our ASP infrastructure at the Savvis Fusepoint Data Centre in Mississauga, ON and certified the infrastructure's security compliance for the purpose of offering our clients competitive leasing options in the ASP hosted environment.

Iron Capital has agreed to allow us to bundle our hosted software solution and associated professional services into an operational lease thereby allowing clients to amortize the entire cost including associated HST taxes on both the software and services.
