

ACCESS CANADA TO INTEGRATE WITH SELECTCORE FOR PREPAID CARD SOLUTIONS

March 5, 2010, Toronto ON: Access Canada is pleased to announce that it is integrating with SelectCore (www.selectcore.com) to provide industry leading prepaid card solutions to Money Plus

Financial Centre's across Canada. ARMnet will manage the loading and set up of the cards for Money Plus Financial clients through real time integration with SelectCore's backbone. Together we will support active card management for Canadian clients of Money Plus Financial as well as further expansion in the future into the United States. The program provided will include both a prepaid MasterCard® and Prepaid Phone Cards.

About SelectCore

Established in 1999 as an industry pioneer, SelectCore is a leading provider of Prepaid Telecom and Prepaid Financial Services for the credit-challenged and un-banked consumer markets in Canada and the US. With revenues approaching \$100M, SelectCore is one of the industry's largest players and was ranked one of Canada's Fastest-Growing Companies two years in a row by Profit 100.

We connect everyone with prepaid products and services through a growing retail network of thousands of convenience and grocery store locations. Our consumer offerings range from prepaid wireless & long distance to prepaid credit cards.

SelectCore is also a leading technology provider servicing wholesale clients with hosted prepaid, POSA and private-label solutions. We offer a wide range of services from transaction processing to open and closed loop card programs and customer care.

The back-bone of SelectCore is our proprietary PrepaidONE technology platform which was developed in-house by our talented IT team and runs off our own carrier-grade network infrastructure.

SelectCore is a public company on the TSX Venture Exchange trading under the symbol "SCG". The company has offices in Toronto, Chatham and Windsor, Ontario.
